

# Latte Macchiatto

**Beitrag von „boutrosa“ vom 9. Juni 2007 um 19:43**

Personally, I like the color of the touareg interior from the konfigurator much more than the interior of the passat. I also like the chocolate brown even though its very dark. I finally ordered the Macchiatto with exterior white, and vavona wood

I will be sure to post pictures when I receive the car.

Thanks

Everyone.
