Here is the thing, I ordered in February- march

I had wanted pure biege, but it was not available, in White, So I asked for the latte because here its too hot for black, and I am tired of grey. However, It has been impossible to find a picture of the grey.

Here is what I ordered. campanelly white, latte cricket, VW premium audio, Dynaudio is not available for us, memory seat, full size spare, All the exterior trim, steel suspension oh and **V6tdi.** ☺

I think everything else is standard.

Its on the boat that all that I know. I hope to have it within month.
