Hallo forum..

my German is not that good, in writing. So its is in english. Please your "nachricht" is ok in german:)

We haven't got the facelifted model in denmark yet, and im about to order one. I love black magic - and beige leather. I have seen that you can only get it with naturbraun instrumenten, is das right..? (not leather instrument)

Anyone have a picture of the naturbraun/beige innnen, that you can mail me, i'll be greatful...

Mfg.
